

Euro- Deluxe frameless Catalog

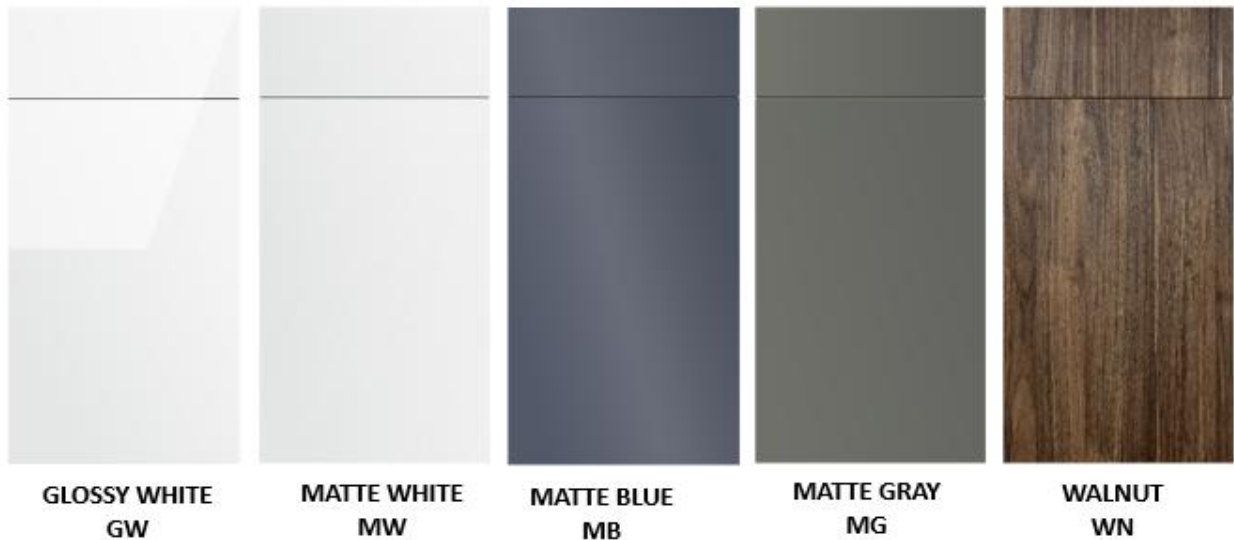

NEW PRODUCT YEAR 2025
WALNUT

Frameless cabinets, also known as "European-style cabinets," are the epitome of modern design for kitchens and storage areas. Their flush door alignment creates a seamless, streamlined appearance, enhancing any space with a contemporary aesthetic. Additionally, the full-access design provides superior accessibility and maximizes storage space, making them as functional as they are stylish.

How We Package & Design Tips

RTA products have **BOX**, **DOORS**, and 2 types of individual package.

Example: To pick up a complete Kit of MW-B18, you need to have checked 2 parts together:

1. Box package: (SKU: **BOX-B18-PLY**).

The package includes: All panels for cabinet construction, drawer boxes and slides, hardware pack incl.: hinges, dowels, screws, bumpers, shelf supporters.

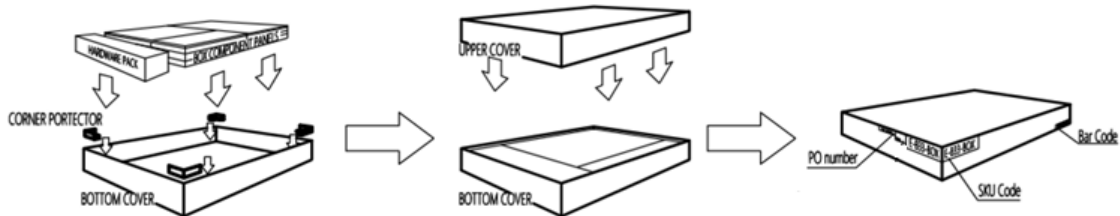

The following items are **NOT** included:

- Door or Drawer Front.
- Screws for locking cabinets on wall on connecting together.
- Other functional hardware E.g. Lazy-Susan turn table, pull-out racks, Lift Mechanism, Plastic trash can, L-shape or U-shape support for floating vanities, Swing out tray.

2. Door package: (SKU: **MW-B18**).

The package includes: Door and Drawer panels of the corresponding cabinet only.

Our Euro-Deluxe frameless cabinet boxes feature a **universal white linen box** color in and out. When designing with Euro-Deluxe, a 3/4" finish panel is required anytime there is an exposed end. Remember to also use a panel next to appliances or when varying cabinet heights are used.

SKU Code Rule & Specs

-A BOX SKU SAMPLE:

Box Series Code – refers to all universal white linen cabinet box

Cabinet type
Base

Size Code
36" W

Boxes define code – the feature of the cabinet box

-A DOOR SKU SAMPLE:

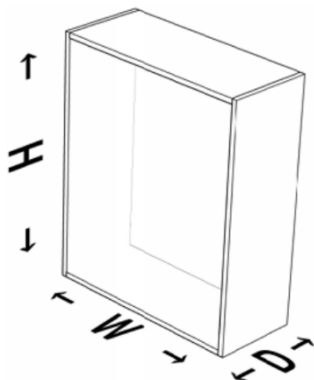

Door Series Code – refers to the door style and color

Cabinet type
Base

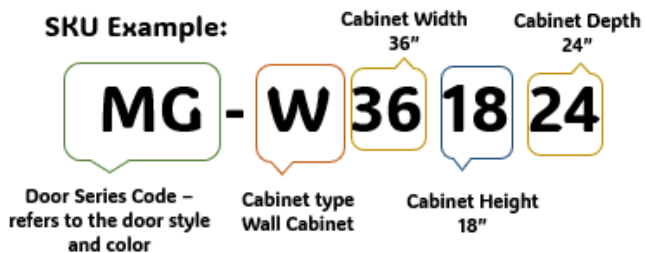

Size Code
36" W

Feature code – supplements for the door or drawer type

The size code usually appears in the SKU codes as a set of numbers. A kitchen cabinet is generally a cube, so there are three-dimensional sizes WIDTH, HEIGHT, and DEPTH. For standardization, all kitchen base cabinets share the same height of 34-1/2" and a depth of 24". This simplifies the labeling to codes such as 'B36,' where 'B' stands for base cabinets, and '36' refers to the width in inches."

SKU Example:

NOTE: In the Euro-Deluxe series, cabinet doors and boxes are sold separately. Please ensure to check and purchase both SKUs for a complete kit.
